

**AMERICAN DND, INC.
HEALTH AND SAFETY PLAN
(HASP)**

INTRODUCTION

This Health and Safety Program (HASP) establishes standard processes and procedures for preventing accidents and injuries on American DND, Inc. job-sites.

The health and safety protocol established in this program are based on representative site conditions known and anticipated to be present on job-sites, and at our corporate location.

These processes and procedures, combined with Site Specific Safety and Health Plans (SSHASP) will constitute the overall Environmental, Safety and Health Plan for each American DND, Inc. Project.

All operations and equipment used by American DND, Inc. shall comply with:

- Applicable Occupational Safety and Health (OSHA) Regulations 29 CFR 1926.
- US Dept of Energy (DOE) 10 CFR 851
- Occupational Safety and Health (OSHA) Regulations 29 CFR 1910.120
- NESHAPS Asbestos Regulations
- Applicable State and Local rules governing Asbestos Abatement Operations.
- National Demolition Association (N.D.A.) – 2004 Revision.

Before site operations begin, all employees shall have;

1. Read or reviewed the contents of this HASP and SSHASP, and
2. Acknowledge, in writing on the Safety Orientation of Understanding Record their understanding of this HASP and all revisions ¹ made to it.

¹ This HASP is subject to ongoing review and revisions by American DND, Inc. pending approval by the QA/QC Team Members.
